**Subject:** Trial Coming Up Monday, 3/8

Hello,

My name is Richard Morse. I have been an Assistant District Attorney for over 19 years. I am in the Superior Court in Hampden County. I don't usually do drug cases, and I have done none since Menendez-Diaz came down. I am contacting you because I have a drug case at which I may need your testimony on Monday, March 8, Commonwealth v. [REDACTED]  
[REDACTED]

There are several drug analyses that you did in relation to this case, [REDACTED]  
[REDACTED]

This Email is intended to check on your availability on Monday, March 8, when I expect that Judge Sweeney may call the case. I expect that the defendant may plead guilty on this case, but ONLY just before the jury comes down for impanelment. Therefore, would you please respond to this request at your earliest convenience by either Emailing me back or phoning me at 413-747-1030? I am cognizant that you may be unavailable on that date, and, if that is the case, the earlier I find this out, the quicker that I can move for a continuance.

I have been out sick the past two days, so I am sorry about the lateness of this.

Rich Morse  
747-1030
